To provide a safe and secure learning environment that caters for the individual learning needs of all students and builds confident, independent learners.

In our college we value:
- Positive relationships based on mutual respect, within a friendly and supportive environment
- A clean and modern stimulating learning environment which encourages all students to work towards their full potential
- A motivated staff who provide encouragement and are role models
- A curriculum which enables and celebrates success, appreciates diversity, maximises individual growth and incorporates essential life skills

Large, single campus 7 to 12 secondary college with a harmonious and well-ordered environment and a diverse cultural mix of students and staff.

Strong and improving history of high achievement, student retention and successful student pathways.

Strong and supportive College Council, highly active and committed student leadership group and highly professional and highly effective teams of teaching and school support staff.

- Provision of a challenging, supportive and productive education from Year 7 to Year 12, including specialist programs such as SEALP, thriving PD program, Language Support Program and a Soccer Program.
- Provision of broad senior programs including a strong VCAL program, wide range of VET subjects and a large range of VCE subject choices.
- Excellent Later Years outcomes including strong completion rates, very strong VCE results and excellent pathways outcomes.
- Co-curricular programs such as instrumental music, maths & science competitions, debating and a highly successful sports program.
- A student Netbook & BYOD program, strong IT infrastructure throughout the school and extensive administrative systems such as Compass.

Challenges:
- provision of more individualised tracking of student progress and consistent differentiation, leading to more self-regulating learners
- Increasing student voice in core decision making
- Even further improving student resilience and engagement
- On-going effort to ensure well maintained classroom learning environments and established and maintained grounds and facilities
- Lowering SFO, high demand for Year 7 places, increasing enrolment pressure,

Keilor Downs College now performs above expectations on every measure of student learning and school climate. It consistently exceeds its SFO expectations and exceeds most major state means and benchmarks. The challenge now is to lift the school to the next level of performance, aiming for higher order expectations and outcomes. We want our students to be confident and resilient leaders in their community and self-regulating and independent in their learning and behaviour. Our senior curriculum must continue to challenge and extend students and our 7 – 12 curriculum needs to be accountable, engaging and differentiated to ensure the maximum learning growth of every individual.
