Dear Parent/Guardian,

At Keilor Downs College (KDC) we seek to provide resources and facilities that enhance your child's ability to learn and reach their goals. The annual Parent Payment arrangements are an extremely important contributor to being able to continually maintain and improve our curriculum delivery and school facilities.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and opportunities for our students. In this communication, we would like to advise you of the college's voluntary financial contributions for 2023.

Your contributions will:

- Enhance the classroom experience through the provision of equipment and materials
- Enhance student engagement in learning through curriculum-related guest speakers / incursions / excursions / workshops
- Enhance digital learning opportunities through access to specialist software, upgraded internet services, cyber-safety filtering and student device support
- Enhance the physical environment for students. In 2022 the gym toilets were upgraded, more outdoor shade was established, the theatrette was refurbished with lecture style seating and additional wellbeing support spaces created. An ongoing focus for 2023 will be the refurbishment of the art rooms and the redevelopment of the central (H Block) courtyard
- Enhance the social and personal development opportunities for students through the provision of social health activities and guest presenters
- Support the purchase of technology such as smartboards, projectors, sound equipment etc

For further information regarding the Department's Parent Payments Policy please see a one-page overview attached.

Yours faithfully
