WHAT IS VET?

Vocational Education and Training refers to enhanced senior school studies, which enable a secondary student to combine their VCE or VCE-VMW studies with vocational training.

FEATURES OF VET

- VET is usually a two-year program combining VCE / VCE-VM studies with accredited vocational education and training.
- It enables students to complete a nationally recognised vocational qualification (e.g. Certificate II in Screen Media) and the Victorian Certificate of Education (VCE) or Victorian Certificate of Education – Vocational Major (VCE-VM) at the same time.
- VET allows students to go directly into employment or receive credit towards further study.
- Important Industry Specific Skills and workplace skills are learnt through the VET program.

HOW DOES VET WORK?

A VET in Schools program is usually made up of VCE VET Units which are delivered by registered training organisations, the students' school or another school within the Brimbank Cluster.

STRUCTURED WORKPLACE LEARNING

Students undertake work with an employer that enables the student to demonstrate their acquired skills and knowledge in an industry setting. During the Structured Workplace Learning (SWL), a student will have specific

tasks to undertake in order to demonstrate competence. Students will be regularly monitored and may be assessed on the job.

CONTRIBUTION TO THE VCE

- All VCE VET programs contribute to VCE Units that provide credit towards the VCE in the same way as a VCE study.
- Most VCE VET programs can provide credit for VCE Units 1 to 4. A small number of shorter qualifications can provide credit for VCE Units 1 and 2 only.
- Some VCE VET programs are scored and some VCE VET programs are unscored.
- VCE VET programs with a Units 3 and 4 sequence can be included in the calculation of your ATAR.
- Scored VCE VET programs give you a study score for the Units 3 and 4 sequence that is achieved through school-assessed coursework and an externally set examination.
- Scored VCE VET programs provide a study score that contributes directly to your ATAR, either as one of your primary four studies or as a fifth or sixth study increment.
- Unscored VCE VET programs do not give you a study score but they can still contribute to your VCE.
- When you receive a Units 3 and 4 sequence towards your VCE from an unscored VET program, they may contribute towards the calculation of your ATAR by VTAC.

CONTRIBUTION TO VCE VOCATIONAL MAJOR

A VET program will contribute to the 180 hrs requirement of the VCE-VM

THE VET ADVANTAGE

VET INCREASES STUDENTS' LEARNING POTENTIAL

- Broadens VCE/ VCE-VM options.
- Develops the student's capacity to make decisions and solve problems.
- Helps students to gain confidence and improve communication and interpersonal skills through learning in an adult environment.
- Matches student interest and career directions through the provision of strong pathways.

VET GIVES NATIONAL QUALIFICATIONS AND SKILLS

- Upon successful completion of the program, students are awarded a nationally accredited vocational training certificate.
- VET qualification articulates directly into further education and training at TAFE, e.g. Cert II in Automotive Technology provides students with a pre-apprenticeship in this industry area.
- VET provides access to a range of different technologies related to the workplace.

VET PREPARES STUDENTS FOR THE WORKFORCE

- Expands post school opportunities.
- Provides the opportunity to trial a career.
- Helps students explore possible areas of interest, which promote further study and work choices.
- Allows students to develop strong links with industry and local community employers. Students may be offered part-time or casual work.
- Improves employment prospects.
- Helps students gain knowledge of employer's expectations and real working conditions.
- Develops student's capacity for cooperation, teamwork and leadership skill development.
- Assists the transition from school to work.

If the opportunity is suitable, remember to **SHARE** the SWL opportunity with your teacher who will assist you with your SWL Arrangement Form.

ENROLLING IN UNITS 3 & 4

Absence from Assessed Task – Units 3 & 4 students who are absent on a day when an assessed task is held must contact their VET Coordinator at school and their VET classroom teacher by 9.00am. On return to school students must provide a parental note and/or medical certificate. The VET Coordinator in conjunction with the VET classroom teacher will determine whether the absence is excused and whether rescheduling the missed task will be granted. Students who fail to report to their VET Coordinator on their first day back will not have their assessment task rescheduled.

FAILURE TO ABIDE BY THE ABOVE MAY RESULT IN STUDENT WITHDRAWAL FROM THE PROGRAM.

HOW TO APPLY
